Software Compatibility Notes

The ALEXA LF camera with LF SUP 4.2 is compatible with and should be used with the following versions of the ARRI software tools. Unless otherwise noted, these are the currently available versions. The ALEXA LF camera with LF SUP 4.2 is of course also compatible with later releases. All these tools can be found on the ARRI website at <http://www.arri.com/en/learn-help/learn-help-camera-system/tools>.

The following table will give you an overview of tools and software, which fully support ALEXA LF SUP 4.2 files.
