

ARRI 

SKYPANEL 

SOFT LIGHTING | REDEFINED

SKYPANEL[®] S120-C

The highly acclaimed ARRI SkyPanel series of LED soft lights is growing, with the new SkyPanel S120-C joining the S60 and S30 family of products. The S120 is twice as long as the S60, but weighs nearly the same. Its larger light aperture makes a great soft light even better. Retaining the same features and color tuneability as its smaller counterparts, the S120 consumes less than 400 watts, yet it is slightly brighter than the S60-C and has an outstanding efficacy of 90 lumens per watt.
